School Transport Facilities

-  The need for safe passage of each child to school and back home is of paramount importance to us. The Transport service is operated by the School and a nominal fee is charged for this.
-  We provide transport to all well-connected roads in the city area within a radius of 25 Km from the school.
-  With a fleet of non A/C buses with 40 seats each, we ensure every student gets comfortable seating during their journey.
-  All the regulation standards as laid down by the Regional Transport Officer have been fulfilled with all the necessary certifications renewed properly at regular time intervals.
-  The transport service is safe and secure and will pick up and drop the students on the specified points of areas covered in the city.
-  Trained and experienced drivers and attenders are provided for every bus for the safety of students.
-  Ensuring the implementation of the safety norms, all our bus staffs are well trained in first aid and emergency management.
-  To respond faster to emergencies and to meet the international standards, all our buses are equipped with GPS trackers, Speed Limiting Devices and CCTV system, monitored keenly by the Transport Manager.
-  Mobile phones have been provided in each bus that ensures efficiency in terms of service and better communication to parents.
-  Daily care and basic maintenance of buses are undertaken at a designated area by the qualified mechanics.
-  Dua and Surahs are regularly played through PA system during the travel time.
-  Teaching staff will also accompany the students in their bus travel and will take care of their disciplinary activities.
-  Separate buses for boys and girls of all the classes.
